

Dear Friends,

We're excited to host the sixth annual charity golf tournament benefitting Autumn's Dawn on April 8, 2016, the Friday following the Shell Houston Open, at The Golf Club of Houston.

Autumn's Dawn is a 501(c) 3 adult service provider assisting young adults with Autism Spectrum Disorder (ASD) as they transition to independent adult life. Individually tailored life skills training is provided to each Autumn's Dawn client; for some this includes training in self-discipline of time management, sometimes as basic as learning to establish a daily routine, while for another it could involve immersive projects such as organizing a donation collection for another local charity. Through these highly personalized services, individuals with ASD realize their potential, learning the self-reliance necessary to enjoy the benefits of full community inclusion. Over the years, service areas have expanded from the Humble, Atascocita, and Kingwood area to include The Woodlands and the Greater Conroe area. This expansion has allowed us to help improve even more lives! We at Autumn's Dawn pray you will support the cause with your valued sponsorship.

Your participation in this event will ensure that these invaluable programs continue, as each individual becomes more engaged in the life he or she was meant to live.

Sincerely,

Allen & Linnie Howard
Founders
